FLAT OUT AFLOAT

2 - 3 HOURS

OUTDOOR

12 - UNLIMITED

COMPETITIVE

The most engaging and most thrilling **water competition** you can experience. You will have to create a boat together with your team... made of cardboard! And then of course put it in the water, get on it and win. To make it perfectly floating you will have an accurate design at your disposal, but you need to know that this is not enough: find a way to **distinguish your boat** from all the others, because there are also beauty and innovation prizes at stake! **And then comes the Tournament**, the ultimate test to prove that you have done a good job: on the lake, in the pool or in the open sea, the teams take off in a competition full of twists. May the best team win!

LEARNING OUTCOMES

In Flat Out Afloat, teams discover that when they collaborate and join forces, they can achieve what seems to be impossible. They also find that true leadership and great ideas can often come from those you least expect it from. The division of roles becomes essential to prepare everyone in time and with the necessary quality to face the competition. Flat Out Afloat also works on long-term vision and planning: in the event of a first win, we move on to the final, and this means that the boat must be designed to float not for one but for two rounds.

THE VIDEO

“

*Our team really did bond.
The activity was well structured and organized and took
every member into account in all respects.
People are still buzzing saying they achieved something
they thought wouldn't be possible
with people they hadn't worked with before.*
