# GO TEAM

1 - 3 HOURS

OUTDOOR

6 - UNLIMITED

COMPETITIVE - COLLABORATIVE

The most unconventional way to discover a city or a specific location, for an **out of the ordinary experience**. Go Team is a tablet-based GPS treasure hunt. Installed on tablets, the Go Team app helps guiding teams to their waypoints, expressly chosen to **show the best of the city**. Once teams arrive at their destination, GPS-triggered challenges appear in the form of questions, clues, and pictures that all participants have to **work on together to complete**. This will allow them to see the beauty of the city in a completely different way. An experience loaded with emotions, that will stay in participants' memory and hearts for long time.

## LEARNING OUTCOMES

Go Team facilitates open communication and discussion, by creating a level playing field where everyone is free to express their ideas and opinions. It improves relationships and in turn the quality of work produced. It motivates people to take on new challenges, by encouraging them to think creatively. The challenges in Go Team ensure that participants develop problem solving skills. Teams learn that failure can lead to success, as they modify the way they approach a challenge, thinking rationally and strategically to change and improve their process.
